Forecast For Wales
Issued by Met Office Exeter
at 0400 on Monday 18 Jan 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Persistent and heavy rain over the next few days.

Today:
Some showers are expected during the morning but otherwise a dry start for many, with some bright spells. The afternoon will see outbreaks of rain, these heavy at times. Maximum temperature 9 deg C (48 deg F).

Tonight:
Outbreaks of rain will continue, bringing heavy downpours in parts of the country, before easing in intensity for many after midnight. Winds will increase overnight, especially along the coast. Minimum temperature 7 deg C (45 deg F).

Tuesday:
Further rain from the west will bring persistent heavy downpours, leading to the risk of flooding in places. Windy across the country, especially along coasts. Maximum temperature 10 deg C (50 deg F).

Outlook for Wednesday to Friday:
Persistent and heavy rain on Wednesday. Still windy in the south. Colder conditions and lighter winds on Thursday and Friday, with scattered showers and sunny spells.
